Synopsis: Pursuant to A.R.S. § 16-602 (B), Pima County conducted the hand count/early ballot audit for the November 3, 2020 General Election. Four percent of polling places were counted as required by the Pima County Board of Supervisors, which amounted to ten polling places out of 249 polling places.

The hand count began on November 4, 2020 when representatives from the Pima County Republican and Democratic Parties met to discuss the number of precincts and early ballot batches to be audited. On November 7, 2020 at 7:30 AM representatives of the Democratic, Republican, and Libertarian Parties met to select the precincts and early ballot audit batches to be counted. All ballots were accounted for in the central counting location before the selection process started. The selection order was chosen by lot, and the Republican Party was chosen to go first.

With the order established, the specific precincts to be counted were selected with the representatives from each party alternating the selection. Once the precincts were chosen, the early ballot batches to be audited were selected.

The master precinct and early ballot batch selection lists are attached for review. The physical hand count started at 9:00 AM on November 7, 2020 and was concluded at 3:00 PM on November 7, 2020. The tabulation method used was the stacking method. The hand count was conducted by 13 boards consisting of 3 to 4 members, of which not more than 2 members were from the same political party.

Early Ballot Audit: One percent of early ballots were audited as per Arizona State Law. The early ballot audit consisted of 17 batches, each containing 250 early ballots. There were a total of 413,234 early ballots cast in Pima County on Election Day.

Comments: The results of the early ballot audit and the precinct hand count were within the variance as defined by the Arizona Secretary of State.
