A message from Secretary of State Katie Hobbs

I am pleased to present to you the 2020 edition of the Arizona Notary Public Reference Manual. Our office has received a lot of positive feedback about this manual since it was updated several years ago. We understand there is always room for improvement, and we’ve listened to your suggestions.

Based on notary’s responses we have revised this manual once again to include even more concise explanations of Arizona Notary law and simplified the section with your duties as a public official and commission.

**Be on Target, Key to Success, and How it Works** sections give quick and helpful explanations. The **Penalty** whistle immediately informs you about compliance and possible penalties a notary may receive under Arizona law. A dollar sign icon informs you of any fees that may be associated with notary public duties. I hope you find these improvements useful to your service as an Arizona notary.

Arizona notaries are required to have a copy of this manual and keep it for reference purposes. If you have any questions about the information in this manual or how to apply for a notary commission, please call (602) 542-6187.

Sincerely,

KATIE HOBBS
Arizona Secretary of State

A notarization on a document indicates that a notary public has taken all reasonable steps to verify a signer’s identity before notarizing that person’s signature. Additionally, if the notarization performed is a jurat, the document signer also is required to swear/affirm to the truthfulness of the document. 

**Key to Success**

A notarization on a document indicates that a notary public has taken all reasonable steps to verify a signer’s identity before notarizing that person’s signature. Additionally, if the notarization performed is a jurat, the document signer also is required to swear/affirm to the truthfulness of the document.

**The Basics**

In Arizona, a notary public is a public officer commissioned by the Secretary of State to perform notarial acts, as defined in Arizona Revised Statutes (see Chapter 5). A notary serves as an impartial witness pursuant to A.R.S. § 41-328(B).

Government offices, businesses and the public rely on the accuracy and integrity of notaries public. This means the notary should take the required steps to authenticate signatures and ensure that all notarizations are properly completed and performed.

Many documents require a notarization in an effort to deter fraud, to prove the authenticity of the signature and to ensure that a signature was made willingly and not under duress. Therefore, it’s essential that a notary accept a valid form of identification, as defined in statutes, to determine that a signer is who he or she claims to be.

Because the prevention of fraud and deception is central to the notary’s role, it is essential that a notary have no conflict of interest when notarizing a document.

In other words, a notary public cannot be a “party to the transaction” or a “party to the instrument.” The notary may have no financial or beneficial interest in the transaction, no matter how small.

Moreover, in Arizona, notaries public are prohibited from notarizing his or her own signature, as well as the signature of any person who is related to the notary by marriage or adoption [A.R.S. § 41-328(B)].

Additionally, the notary should keep in mind that notarizing a document for any family member could call into question a notary’s impartiality in the transaction; therefore, this practice is discouraged.

- An original notary bond and notary application on file with the Arizona Secretary of State’s office;
- An original commission certificate from the Arizona Secretary of State’s office;
- A notary public seal; and
- A notary public journal.

COMMISSION DUTIES
Duties are specified in A.R.S. § 41-313(A) on pages 33 & 34.

COMMISSION TERMS
An Arizona notary public serves a four-year term.

COMMISSION OWNERSHIP
Payment of fees and other associated costs does not constitute ownership of a notary public’s commission [A.R.S. § 41-312(C)].

COMMISSIONS ARE NON TRANSFERABLE
Commissions cannot be transferred between persons, nor can they be transferred to another state.

WORKPLACE CONSIDERATIONS
LIMITATIONS: An employer of a notary public may not limit the notary public’s services to customers or other persons designated by that employer [A.R.S. § 41-312(C)(3)]. Notaries are bound by Arizona law.

Notarizations can be performed outside the workplace regardless of whether a private or public entity pays for a notary public’s commission.
WORKPLACE CONSIDERATIONS Continued

WORKPLACE TERMINATION: If a notary public’s employment is terminated or he or she leaves employment, the notary public may:

• Maintain his or her commission,
• Resign his or her commission, or
• Let the commission expire.

If the notary public chooses to maintain his or her commission, he or she must complete and send in a Notary Public Address/Name Change form to inform the Secretary of State of this change.

If the notary public chooses to resign or let the commission expire he or she shall follow the procedures stated in this manual to surrender his or her notary seal and journal to the Secretary of State’s office.

JOURNAL POSSESSION

Regardless of whoever pays for a notary public’s commission, whether it be the notary or his or her employer, the notary public’s seal and journal are the property of the notary public if the journal contains public records. The notary public shall not relinquish the journal to the employer if the journal contains public records [A.R.S. § 41-312(C)]. A journal that contains only non-public records is the property of the employer when the notary public leaves that employment. See page 22 sidebar for details about public and non-public records.

চ Commission Certificates

A commission certificate is an official document issued by the Secretary of State’s office that certifies the appointment of an Arizona notary public.

The commission certificate is the notary public’s proof that he or she is commissioned as a notary public in the State of Arizona [A.R.S. § 41-311(2)].

Certificates do not have to be posted but must be kept in a safe place, and, if requested, be presented as proof of a notary public’s commission [A.R.S. § 41-311(2)]. To prevent fraud, a notary should not provide a copy of the certificate to anyone other than the vendor who creates the notary’s seal (A.R.S. § 41-321).

চ Commission Contents

A commission certificate includes:

• The notary public’s name as it was entered on the notary public’s bond.
• The notary public’s commission number.
• The issuance date of the commission.
• The expiration date of the commission.
• The name and signature of the Secretary of State who commissioned the notary public.

Note: A commission certificate is still valid regardless of whether or not the Secretary of State that commissioned the notary still holds office, unless of course, the commission expires, is revoked or suspended.

চ Key to Success

NOTARY PUBLIC SIGNATURE: When performing a notarization, a notary public must sign his or her name exactly as it appears on the notary application and notary bond.
Upon Receipt of Commission Certificate

1. REVIEW THE COMMISSION CERTIFICATE

Ensure the information printed on it is correct. Compare it to the information on the notary bond and application.

- Is the notary public’s name exactly as it was submitted on the bond?
- Is the COUNTY listed on the certificate correct?
- Is the date of issuance correct?
- Is the date of expiration correct?

The information on the commission certificate directly affects the information that appears on a notary’s seal. If the information on the certificate is incorrect, contact our office as soon as possible.

2. PURCHASE A NOTARY PUBLIC SEAL

Fees: Vary by vendor.

If the information on the certificate is correct, the Arizona notary must procure a notary public seal and journal before notarizing any document. To do so, contact a stationery store, office supply store, bonding agent or a professional notary organization. The notary must provide a COPY of the notary certificate to the company making the seal. Ensure all information is correct on commission certificate prior to submission to the stamp vendor.

A valid notary seal must:

- Be a rubber stamp
- Have dark ink. These colors include black, dark blue, dark purple, dark green or dark brown. Red ink or ink not viewable on all copy or fax machines is unacceptable.
- Not be larger than 1 1/2 inches high and 2 1/2 inches wide or 1 1/2 inches round.
- Contain the words “Notary Public.”
- Contain the notary public’s name as listed on his or her commission certificate.
- Contain the Arizona county in which the notary public was commissioned, listed on the commission certificate.
- Contain notary public’s current commission expiration date.
- Contain the Great Seal of Arizona [A.R.S. § 41-313(D)(2)].
- “New Requirement” Contain the notary public’s commission number [A.R.S. § 41-313(D)(2)].

A notary public can only have one seal.

**Failure to comply:** Using a seal not meeting the requirements described in A.R.S. § 41-313(D)(2) is grounds for the Secretary of State to refuse, revoke, or suspend a notary public’s commission [A.R.S. § 41-330(A)(4)].

3. PURCHASE A NOTARY PUBLIC JOURNAL

Notaries public must obtain a journal. Journals can be purchased at stationery or office supply stores and through notary organizations.

Fees: Vary by vendor

Journals must be in paper form and list notarial acts in chronological order. Additionally, although not required by law, use of a permanently bound journal is recommended for the notary’s protection. Permanently bound pages are more difficult to remove or lose than loose-leaf pages. The use of journals is reviewed on page 22.

**Failure to comply:** Using a journal not meeting the requirements described in A.R.S. § 41-313(D)(1) and § 41-319 is grounds for the Secretary of State to refuse, revoke, or suspend a notary public’s commission [A.R.S. § 41-330(A)(4)].
Commission Amendments

NAME and/or ADDRESS CHANGES

NAME CHANGES

Compliance (A.R.S. § 41-327): A commissioned notary shall notify the Secretary of State’s office within 30 days of a surname change. Use the Notary Public Address/Name Change Form found on our website.

Fees: None

Failure to comply is evidence of the notary’s failure to fully and faithfully discharge the duties of notary and may result in suspension or revocation of the notary’s commission.

How it works

A notary public has two choices under the law. A commissioned notary public whose name changes can:

1. Continue to use the current commission until it expires. If choosing this option, the notary shall sign his/her new name on the line designated for the notary’s signature and directly below shall sign the name under which the notary is currently commissioned.

OR

2. Apply for a new commission under the new name. If choosing this option, notary must first resign the current commission, then reapply using the renewal option. Follow the instructions below under “Commission Renewal” to apply for a commission under your new name. Proof from the bonding company that the previous bond has been cancelled must also be included.

ADDRESS CHANGES – MAILING, RESIDENTIAL OR BUSINESS

Compliance (A.R.S. § 41-323): Notaries must file an address change within 30 days after the change.

Fees: None

Failure to comply is grounds for the Secretary to suspend or revoke the notary’s commission and/or may result in a $25 civil penalty.

Commission Renewal

Notaries public may submit a renewal application, new bond and filing fees to the Secretary of State’s office up to 60 days prior to the expiration of a commission. Notaries public may continue to notarize until midnight of the expiration date of a current commission.

A notary who fails to renew a commission has let it expire (see “Commission Expiration or Death of Notary” page 11).

The notary may reapply at any time for a new commission. If an individual reapplies after a commission expires, he or she may not notarize documents until receiving the new commission from the Secretary of State’s office.

Upon reappointment as a notary, the notary must obtain a new seal that contains the notary’s new commission expiration date before he or she performs any notarizations.

See page 9, #2 for the necessary elements of a notary seal.
Commission Resignation

Compliance [A.R.S. § 41-317.A]: A notary who chooses to resign must notify the Secretary of State in writing of the resignation. The notary shall surrender the notary seal, notarial journal and records, except those records of notarial acts that are not public record, to the Secretary of State. See right “Surrender of Journal, Seal and Records.”

Fee: None

Send the original resignation letter, along with the notary’s journal and seal to:

Arizona Secretary of State, Attn: Notary Department
1700 W. Washington Street, 7th Floor
Phoenix, Arizona 85007-2808

As a courtesy, a copy of the resignation letter should be sent to the notary public’s bond company as well.

Journal Retention: Any journal that contains records which are all five years old, or older may be destroyed, and are not required to be turned into the secretary.

Failure to comply: A commission is not resigned until the secretary of state is notified. Items are required to be sent within three months of a notary’s resignation or the notary shall forfeit not less than $50 nor more than $500 to the State [A.R.S. § 41-317(A)].

Commission Expiration or Notary Death

Compliance (A.R.S. § 41-317): On the resignation or revocation of a notarial commission or the death of a notary, the notary public, notarial journal and records, except those records of notarial acts that are not public record, shall be delivered to the Secretary of State. See “Surrender of Journal, Seal and Records” below.

JOURNAL, SEAL AND RECORDS

EXPIRATION: A notary public who chooses to allow a commission to expire shall deliver his or her notary public seal, notary public journal, and other notary records to the Secretary of State’s office within 90 days. A signed cover letter that includes the notary’s name, commission number and the last four digits of the notary’s social security number should be sent with the items.

DEATH: In the case of the death of a notary, the personal representative of the notary shall surrender the notary public seal, notary public journal, and other notary records to the Secretary of State. The representative shall also include a copy of the notary’s death certificate within 90 days and a signed cover letter that includes the notary’s name, commission number and the last four digits of the notary’s social security number.

Send the letter, along with the notary’s journal and seal to:

Arizona Secretary of State, Attn: Notary Department
1700 W. Washington Street, 7th Floor
Phoenix, Arizona 85007-2808

Failure to comply: Items are required to be sent within three months of a notary’s commission expiration or death or the notary shall forfeit not less than $50 nor more than $500 to the Secretary of State’s office (A.R.S. § 41-317).

* BURDEN OF PROOF >>

Throughout this manual are references to sending and delivering items or correspondence “by means of a receipt.” This means the notary needs to receive proof the items were delivered.
Notary Law

Failure to discharge duties and misconduct as public officer

A notary commission may be suspended, revoked or denied for failure to discharge fully and faithfully any of the duties or responsibilities required of a notary public. Examples are listed throughout the manual and include but are not limited to:

- Failure to keep, maintain and protect a notary journal in accordance with A.R.S. § 41-313(D)(1).
- Failure to obtain a notary seal in accordance with A.R.S. § 41-313(D)(2).
- Failure to notify the secretary of a change of surname within 30 days of the name change. A.R.S. § 41-327.

- Substantial and material misstatement or omission in the application for a notary public commission that is submitted to the secretary of state.
- Conviction of a felony unless the notary public’s civil rights have been restored, or of a lesser offense involving moral turpitude or of a nature that is incompatible with the duties of a notary public. A conviction after a plea of no contest is deemed to be a conviction for purposes of this paragraph.
- Revocation, suspension, restriction or denial of a professional license if that action was for misconduct, dishonesty or any cause that substantially relates to the duties or responsibilities of a notary public.
- Failure to discharge fully and faithfully any of the duties or responsibilities required of a notary public.
- The use of false or misleading advertising in which the notary public has represented that the notary public has duties, rights or privileges that the notary public does not possess by law.
- Charging more than the fees authorized by statute. A notary public who charges fees higher than allowed by rule (see the rules in the back of this manual) is liable to the party aggrieved in an amount four times the fee unlawfully demanded and received [excessive fees A.R.S. §§ 38-413 and 41-316(C)]. In doing so the notary public is also guilty of a class 5 felony.

- A notary’s failure to keep maintain and protect a journal of all notarial acts in accord with [A.R.S. § 41-319].

The laws governing notaries public are found in Arizona Revised Statutes, and are on page 31. Failure to comply may result in the Secretary of State refusing, revoking or suspending a commission. Additionally, the annotated version of Arizona Revised Statutes and the historical notes to notary law can be found at local libraries.

NOTARIAL ERRORS

Compliance: Notaries shall fully and faithfully discharge duties as a notary public. Any violation of notary statutes is also a failure to discharge fully and faithfully any of the duties or responsibilities required of a notary public. Some examples include:

NOTARIZATION WITHOUT USING A NOTARY SEAL

A notary who does not place his or her notary seal on a document has performed an incomplete notarization. Arizona law requires that the seal be placed on each notarization. Otherwise, a court of law could declare the notarization invalid.

NOTARIAL LANGUAGE IS MISSING

A notary who notarizes a document without notarial language (see notarial certificates examples in this manual) has performed an incomplete notarization. A court of law could declare the notarization invalid.

A DOCUMENT THAT CONTAINS BLANK SPACES IS IMPROPERLY NOTARIZED

A jurat cannot be performed on a document that contains blank spaces or that is incomplete. There is no such limitation when performing acknowledgments, although the Secretary of State’s office recommends that a notary public not notarize a document containing obvious blank spaces. [A.R.S. § 41-328(A)].

IMPARTIALITY / PARTY TO THE INSTRUMENT

A notary public shall not perform a notarization on a document if the notary is an officer of any named party, if the notary is a party to the document or if the notary will receive any direct material benefit from the transaction that is evidenced by the notarized document that exceeds in value the fees prescribed pursuant to A.R.S. § 41-316 & 41-328(C).

PROHIBITED CONDUCT

Subject to A.R.S. § 41-320, a Notary shall not perform a notarization on a document if

- the notary is an officer of any named party
- the notary is a party to the document
- the notary will receive any direct material benefit from the transaction that is evidenced by the notarized document that exceeds in value the fees prescribed pursuant to A.R.S. § 41-316.

FRAUD & DECEPTION >>

A notary public who engages in any fraudulent or deceptive conduct related in any way to his or her capacity as a notary may be held liable for misconduct. A seal may only be used by the person named on it. The notary shall not use someone else’s notary seal or knowingly let someone else use his/her notary seal.

LANGUAGE DECEPTION >>

A.R.S. § 41-329 states:

(A) Every notary public who is not an attorney and who advertises, by any written or verbal means, the services of a notary public in a language other than English, with the exception of a single desk plaque, shall post or otherwise include with the advertisement a notice in English and the other language. The notice shall be of conspicuous size, if in writing, and shall state: “I am not an attorney and cannot give legal advice about immigration or any other legal matters.”

(B) A notary public who is not an attorney may not render any service for compensation that constitutes the unauthorized practice of immigration and nationality law as defined in section 12-2701.

(C) If a notary public violates subsection B of this section, in addition to any other penalty, the secretary of state shall impose a civil penalty of not more than one thousand dollars and permanently revoke the notary public’s commission.

(D) A notary public who violates subsection A of this section is guilty of a class 6 felony and the secretary of state shall permanently revoke the notary public’s commission.

ADDITIONAL REASONS FOR REVOCATION >>

The Secretary of State will revoke a notary’s commission if a bonding or insurance company cancels a notary’s bond or if the check used to pay for the notary’s commission is returned for non-sufficient funds.
**Notary Public Complaints**

**An investigation of misconduct**

**Steps:**

1. The Secretary receives a written complaint indicating a violation of notary law or ethics. See article at left, *When a Notary Complaint is Filed.*

2. The complaint is forwarded to the Arizona Attorney General’s Office (“AGO”).

3. The AGO investigates the complaint. (While pending, the complaint is confidential.)

4. The AGO provides the Secretary with its investigation results.

5. The Secretary’s office contacts the notary public by written notice of the decision.

**Results; a decision may include taking no action to:**

- Suspension of a commission, from 30 to 180 days, pursuant to A.R.S. § 41-330(C);  

- Revoking a commission indefinitely, pursuant to A.R.S. § 41-330(A).

---

**Notary Training**

**WORKSHOP—IN-PERSON:** Free notary workshops are offered by the Secretary of State’s office. Visit [https://azsos.gov/business/notary-public/notary-workshop](https://azsos.gov/business/notary-public/notary-workshop) to sign up for the workshop or to review the Online Notary Workshop.

**Compliance:** The Secretary of State may require that applicants and suspended notaries present proof of attendance at a notary training course 90 days before receiving their commissions or 90 days before reinstatement of a suspended commission.

**Fees:** None.

---

**Failure to comply:** Subject to A.R.S. § 41-330 (A)(4), the Secretary of State may refuse, revoke or suspend a notary public’s commission. If a suspended notary fails to provide proof of workshop attendance within the time frame set forth in the terms of their suspension the notary commission will be revoked.

---

**NOTARY PUBLIC REFERENCE MANUAL:** This manual is available in an electronic format for downloading on the Arizona Secretary of State’s website.

**Compliance (A.R.S. § 41-312):** The law requires notaries public to “keep as a reference a manual that is approved by the Secretary of State that describes the duties, authority and ethical responsibilities of notaries public.”

**Fees:** None.
Arizona notaries public may only notarize documents within the state boundaries of Arizona. If a document is to be filed in a different state, it may still be notarized by an Arizona notary public if it is presented before the notary within the State of Arizona, and the signer/requestor is in person for the notarization.

Key to Success

It’s simple: the document signer must be present in order for the notarization to take place. This means the person may have signed the document before being in the notary’s presence. The person who signed the document still has to be present when the notarization is performed. See more information see page 16, Documents and Signatures.
Notarization Request

Compliance: If a reasonable request is made, a notary public shall notarize a document under the guidelines in this manual.

**Failure to comply:** A notary public cannot refuse a notarization of a document if a reasonable request is made. However, a notary can refuse a notarization if the document or the signer does not meet other requirements listed in this manual.

HOW IT WORKS

**Posted Hours**

A reasonable request includes one that is made during a notary’s normal business hours, that is, the hours posted on the door of the business.

Note: Even if the request is made one minute before closing, it is considered a reasonable request.

**Hours of Duty**

As another example: if a notary only performs notarial acts while on duty for his or her employer, and his or her work hours are 8:00 a.m. to 5:00 p.m., then a request made at 8:00 p.m. would be an unreasonable request.

Black’s Law Dictionary defines “reasonable” in part to be: “fair, proper, just, moderate, suitable under the circumstances...”

Documents and Signatures

A document signer must appear in the notary’s presence before any notary act can be performed.

- If the document signer is not present then the notary public may refuse the notarization.
- If the document signer is present and the document is already signed. See page 19, “Documents with a Signature.”
- Regardless of whether a document is pre-signed or is signed in the notary’s presence, the signer must still produce satisfactory evidence of identity before the notary proceeds with notarizing the document.

Foreign Language Requirements

**LANGUAGE COMPREHENSION IS KEY**

Notaries may only perform the notarial acts prescribed in their notarial duties if the signer signs in a language that the notary public understands, and the notarial certificate is worded and completed using only letters characters and a language that is read, written and understood by the notary public.

**DOCUMENTS IN A FOREIGN LANGUAGE**

A notary may perform a notarial act on a document that is in a foreign language that the notary does not understand so long as the notarial certificate is worded and completed using only letters characters and a language that is read, written and understood by the notary public.

**VERBAL TRANSLATIONS**

The signer may communicate directly with the notary in a language they both understand, or indirectly through a translator who is physically present with the signer and the notary at the time of the notarization and communicates directly with the signer and the notary in languages the translator understands. A.R.S. § 41-313(B)(3)
Satisfactory Evidence of Identity

Compliance: A notary shall identify the signer of a document. This is referred to as satisfactory evidence of identity. (A.R.S. § 41-311)

Failure to comply: If a notary fails to comply with this requirement the Secretary of State may refuse, revoke or suspend a notary public’s commission.

1. PERSONAL KNOWLEDGE OF THE INDIVIDUAL BY THE NOTARY

Requirements: A notary can use personal knowledge of the signer if the notary has known the individual for a sufficient length of time and the notary is assured that the signer has the identity claimed. In such instances, the notary does not need to request other forms of identification from the individual.

2. DRIVER LICENSE OR NONOPERATING IDENTIFICATION LICENSE

Requirements: Unexpired

Issued by: A state or territory of the United States.

3. U.S. PASSPORT

Requirements: Unexpired.

Issued by: The United States Department of State

4. ARMED FORCES IDENTIFICATION CARD

Requirements: Unexpired

Issued by: Any branch of the United States Armed Forces.

5. INMATE IDENTIFICATION CARD OR ANY FORM OF INMATE IDENTIFICATION

Requirements: Inmate must be in custody of State Department of Corrections or County Sheriff’s Dept.

Issued by: Arizona Department of Corrections or County Sheriff’s Department

6. OTHER GOVERNMENT ISSUED IDENTIFICATION CARDS

Requirements: Unexpired; contains the customer’s photograph, signature and physical description including: height, weight, eye color, and hair color.

Issued by: The United States government; a state or U.S. territory, or tribal government.

ID RULE EXCEPTIONS >> ONLY for the purposes of real estate conveyance and financing

In addition to the other forms of acceptable identification, a notary may accept the following forms of ID:

1. A valid unexpired passport issued by a national government other than the United States government and that is accompanied by a valid unexpired visa or other documentation that is necessary to establish an individual’s legal presence in the United States.

2. Any other valid unexpired identification that is deemed acceptable by the United States Department of Homeland Security to establish an individual’s legal presence in the United States and that is accompanied with supporting documents as required by the United States Department of Homeland Security. (See exceptions above.) ♦

Although subject to change, examples might include:

- Passports without visas from qualified individuals who are visiting from countries participating in the Visa Waiver Program. Visit www.state.gov for a list of such countries.
- Identification accepted from certain visitors from Canada and Mexico under the Western Hemisphere Travel Initiative (www.cbp.gov/travel/us-citizens/western-hemisphere-travel-initiative) for more information. ♦
7. CREDIBLE PERSON

If a notary does not know the signer personally and the signer does not have valid ID the notary can use a credible person to identify the signer.

A credible person must be someone who knows the signer personally. Some state’s refer to a credible person as a credible witness [A.R.S. § 41-311(11)(A)(vii) and (viii)].

There are two types of credible persons:

1. The first is someone whom the notary knows and who knows the signer. Satisfactory evidence of identity of the credible person in this case is personal knowledge. The credible person is then placed under oath to swear or affirm that the signer has the identity claimed.

2. The second is someone whom the notary does not know personally but who personally knows the signer. The credible person must present the notary with an ID card that meets the requirements listed on page 17.

RECORD THE TRANSACTION: The notary must list in the journal the type of satisfactory evidence of identity used for the credible person, and obtain the credible person’s full name, signature and address, as well as all necessary journal elements for the signer (see page 58.)

Note that in both cases the credible person must always know the signer.

Credible Person Documentation

RECORD THE TRANSACTION: If a notary public uses a credible person as satisfactory evidence of identity the credible person must:

- Be placed under oath to affirm that the signer has the identity claimed. Examples of oaths to affirm a credible person are on page 30.

  AND

- Sign the notary public’s journal

The signer must also:

- Sign the notary public’s journal

Insufficient Evidence ~

Notarization Refusal

A notary should refuse a notarization:

1. IF THE CUSTOMER FAILS TO MEET THE STANDARDS IN A.R.S. § 41-311:

   - If the notary public has no personal knowledge of the individual,
   - There is no credible person, and
   - The signer does not have an appropriate form of identification that meets the standards in Arizona law.

2. IF THE CUSTOMER HAS PRESENTED A FRAUDULENT ID

   - If the notary public has determined the form of identification presented by the requestor is fraudulent

The notary public should document every refusal in his or her journal.
Documents with Signature

Compliance: A document with acknowledgement language may be pre-signed. However, the document signer must be present for the notarization, and the signer must present satisfactory evidence of identity consistent with the information beginning on page 18.

If the notary does not know the signer, the signer must present satisfactory evidence of identity consistent with the elements beginning on page 19.

The notary is encouraged to compare the signature of the signer on the pre-signed document with the signature that the signer makes in the notary's journal. The notary must use his or her judgment when comparing signatures.

- If the signatures look like they were signed by the same person, the notary should perform the acknowledgment.
- If the signatures look different and the notary is unsure if the same person made the signatures, the notary may request that the signer sign the document again, or may refuse the notarization.

JURATS, A REMINDER: The document must be signed in the notary’s presence when performing a jurat. See page 27.

ACCEPTANCE OF SIGNATURES

A notary can notarize a thumb print or an “X” mark as a “signature” or “subscription”, even when the signer is able to write and is not disabled.

The signer’s name does not need to be written near the mark nor do they need a witness to observe the signing.

RECORD THE TRANSACTION: A journal entry must be made as with any other notarial act.

POWER OF ATTORNEY

If an individual claims to have Power of Attorney (POA) for another and presents a document for notarization in which the individual wants to sign on behalf of the person whose POA he or she claims to have, it is suggested that the notary request to see a copy of the POA. Verify that the POA grants the authority to execute the type of document that is being presented for notarization.

The signer is required to present satisfactory evidence of identity confirming that he or she is the individual he or she claims to be.

The individual should then sign his or her name. Next to that, he or she should print “signing on behalf of [name of individual whose POA he or she has].”

RECORD THE TRANSACTION: A journal entry must be made conveying who the signer was and on whose behalf he or she was signing.

12 Steps to a Proper Notarization
These steps are verified and completed on EACH and EVERY notarization:

VERIFICATION
☐ 1. The SIGNER must be PERSONALLY PRESENT. If yes, continue.
☐ 2. Does the SIGNER COMPREHEND the underlying transaction on the document? If yes, continue.
☐ 3. Is the SIGNER PROCEEDING WILLINGLY? If yes, continue.
☐ 4. Has the notary IDENTIFIED the SIGNER? If yes, continue.
☐ 5. Has an ORIGINAL DOCUMENT been presented for notarization? If yes, then identify the type of notarial act. Is the notarization a jurat, acknowledgment, copy certification or oath/affirmation? Refer to Chapter 4 for more information. (See also Original Documents right)
☐ 6. Has a COMPLETE DOCUMENT been presented for notarization? If yes, continue. (See Incomplete Documents right)
☐ 7. Verify that the NOTARIAL LANGUAGE of the desired notarial act is on the document and obvious to the signer and notary. If yes, continue. If no act is clearly indicated, then the signer or other party involved with the document must choose the notarial act. A notary can explain the differences between the various acts, but cannot choose the act or the notary risks practicing law without a license. Refer to A.R.S. § 41-311 and Chapter 4 for the wording and format of notarial acts. If the signer identifies the notarial act, continue.
☐ 8. RECORD THE TRANSACTION. Indicate the notarial transaction performed in a notary journal. See journal entries page 23.

NOTARIZATION
☐ 9. Complete the VENUE on the document (page 16). The venue is the state and county where a notarial act physically occurs. On most documents, the notarial language has a space for the state and the county. The venue will not necessarily be the county on the notary seal. Notaries are authorized to perform notarizations within all counties in the state.
☐ 10. Complete the notarization by filling in the areas of the notarial certificate. The notarial certificate must be in a language the notary understands, A.R.S. § 41-313(B)(4), and it must contain the venue, date and facts attested to by the notary for that particular notarization. A.R.S. § 41-311(7).
☐ 11. SIGN the document near the title of “Notary Public.” The notary must use his or her OFFICIAL wet SIGNATURE, not a facsimile (stamp or other means) of a signature on the document. The official name on the notary seal and the notary’s official signature must be used exactly as the commissioned name on file with the Secretary of State’s office. The title “Notary Public” may be below or next to the notary’s signature block. Above all, the notary who performs the notarization must be clearly identified by the title “Notary Public.” See Notary Public Signature at the bottom of page 8 or Name Change page 10.
☐ 12. AFFIX the “Notarial Seal.” It is recommended that the notary seal be placed just below the notarial certificate and to the left, if possible. The notary should not stamp over signatures or other writing, if possible. However, if there is insufficient space on a document to affix the notary seal, it is better to stamp over pre-printed language than to stamp over signatures.

REMEMBER: The presence of the commissioning county on the notary’s seal does not substitute affixing a venue to the notarial certificate. The seal and venue must always appear on a notarization.
Notary Journals and Notarial Transactions

A journal provides proof that a notary public performed a notarization.

The journal also verifies that the notary took the reasonable steps necessary to identify the signer of a document (see Satisfactory Evidence of Identity page 18). See page 51 for sample journal.

Compliance: All notaries must maintain a notary journal of all official acts.

Penalty: Failure to comply: Not maintaining a journal is a violation of A.R.S. § 41-319. If a notary fails to comply with this requirement the Secretary of State may refuse, revoke or suspend a notary public’s commission.

PUBLIC RECORDS AND A NOTARY JOURNAL

Most notary journals are public record; however, some are not. These include notary records that are confidential due to attorney/client privilege or state or federal law. Notarized statements and journal entries associated with the parental consent for abortion statutes under A.R.S. § 36-2152(A) are confidential and are not public records. These documents must not be disclosed in response to a public records request and the contents must be kept confidential.

[Note: The notarization requirement found in A.R.S. § 36-2152 was enjoined by order of the Maricopa County Superior Court on September 29, 2009, and therefore is currently NOT in effect. Please refer to our website, www.azsos.gov for updates as to how the ongoing litigation will affect the law related notaries.]

PUBLIC RECORDS REQUEST

Anyone can request a notary’s journal records if the journal records are public records. The person making the request to view or have a record copied shall provide the request in writing and include:

- Month and year of the notarial act
- Name of the person whose signature was notarized
- The type of document or transaction

Request Refusal: If the person who makes the request has not done so in writing per A.R.S. § 41-319(F), or the request does not contain the necessary elements, the notary may refuse the person’s request.

Request Compliance: If the requestor has met the requirements in A.R.S. § 41-319(F) the notary should provide the requestor with a copy of the requested record within a reasonable amount of time.

Please Note: A notary shall not let the requestor view all journal entries. The notary shall only copy the transaction requested and cover the entries above and below before making a copy of the records. The notary public must furnish, when requested, a certified copy of any record in the notary public’s journal [A.R.S. § 41-319(A)]. If a public records request has been made and the notary’s journal has been relinquished to the Secretary of State’s office, the notary should turn the request over to the Secretary of State.
JOURNAL REQUIREMENTS

PURCHASING
Purchase a notary journal that meets the requirements of the law.

JOURNAL SHARING IS PROHIBITED
Notaries may not share journals and shall maintain his or her own journal.

JOURNAL USE FOR COURT REPORTERS
Court reporters who administer an oath or affirmation in a judicial proceeding are not required to obtain a signature in the reporter’s journal (A.R.S. § 41-324). However, the journal must be used for all other notarizations performed.

REPLACING SEALS AND JOURNALS
Loss, theft and compromise of notary journals and seals are discussed on page 9.

JOURNAL RECORD RETENTION
Retention of journal records is reviewed on page 10.

JOURNAL ENTRIES
All JOURNAL ENTRIES MUST INCLUDE:
• The date of the notarial act
• A description of the document or type of notarial act (e.g.: acknowledgment, jurat, copy certification, and oath or affirmation).
• Even though the law says a description of the document OR type of notarial act, the Secretary of State recommends the notary public fill in both fields if offered in the journal.
• The printed full name, address, and signature of each person for whom a notarial act is performed. To ensure accurate documentation of identification information, the notary should record the signer’s name and address in his or her journal as provided on the ID.
• The type of satisfactory evidence of identity presented to the notary by each person for whom a notarial act is performed. (refer to page 16 for information on the types of evidence that can be accepted)
• A description of the satisfactory evidence of identity provided, such as serial number, and issuance or expiration dates.
• The fee, if any, charged per signature. If not charging, it is recommended that the notary simply write “Ø.”
• If the document is written in a foreign language, the notarial certificate must be worded and completed using only letters, characters and a language that are read, written and understood by the notary public.

JOURNAL ENTRIES MAY INCLUDE:
• The time of day of the notarization. This is not required under law, but is helpful when recalling a notarization.
• The thumbprint of a signer. Not all journals include an area for a thumbprint. A thumbprint is not required under Arizona law and not a valid reason to refuse a notarization.

GROUPING ENTRIES
If a notary performs more than one notarization of the same type for a signer either on like documents or within the same document and at the same time, the notary may group the documents together and make one journal entry for the transaction.

Exception: If a notary has personal knowledge of the identity of a signer, the notary is not required to make a journal entry, but instead may keep a paper or electronic copy of the notarized document for each notarial act. A.R.S. § 41-319(B)

LOGGING SIGNATURES >>
If a notary does more than one notarization for an individual within a six-month period, the notary shall have the individual provide satisfactory evidence of identity the first time the notary performs the notarization for the individual but may not require satisfactory evidence of identity or the individual to sign the journal for subsequent notarizations performed for the individual during the six-month period.

Additionally, the notary must make a note in their journal indicating the last time they obtained the signer’s ID and signature.

For example, under the signature line and ID information, the notary should reference the page and entry number that contains the signature and ID of the first time they recorded the information within the six month period.
Notary Fee Schedule

Compliance (A.R.S. §§ 41-316): A notary can charge no more than $10 per signature. Notary fees are set in rule (A.A.C. R2-12-1102). See the notary rules starting on page 49.

Posting of Fees

Compliance (A.R.S. § 38-412): Arizona law requires notaries public to post a schedule of fees in a conspicuous place.

A Notary Public May:

- Charge less than the $10 fee or up to $10 per signature.
- Not charge fees.

Fees shall be set and be consistent. That is, the same fee should be charged for each notarization.

Courts: Superior justice courts have a different fee schedule. See the laws on page 38.

Other Fees

Service or transaction fees: shall not be charged.

Mileage fees: can be charged. A notary public may charge a travel mileage, if he or she travels a distance to perform a notarization. The travel mileage fee is the amount allowed Arizona state employees. The Department of Administration determines the mileage fee through its General Accounting Office. The mileage fee schedule is posted at www.gao.az.gov/travel.

Failure to comply (A.R.S. § 38-413): If an officer demands and receives a higher fee than prescribed by law, or any fee not so allowed, such officer shall be liable to the party aggrieved in an amount four (4) times the fee unlawfully demanded and received by him. An officer who violates this section is guilty of a class 5 felony. Overcharging fees or not being consistent with fee charges is a failure to comply with laws and rules.

How it Works

Fees charged in and out of the workplace

Workplace fee limits: Companies and organizations who employ a notary public can request the notary public to charge the fees as set in the notary fees schedule. See R2-12-1102 Notary Public Fees on page 46.

If a public or private entity employs a notary public the fees charged during normal work hours are the property of the employer.

Fees outside the workplace: Fees charged for notarial services outside the notary public’s workplace remain the notary public’s property. [A.R.S. § 41-312(C)(2)]

Be on Target

REMEmber: Companies and employers may not ask notaries public to charge more than the $10. This request violates Arizona rules.
A commissioned Arizona notary public may only perform four notarial acts (A.R.S. § 41-313):

1. Acknowledgments;
2. Jurats;
3. Copy certifications; and
4. Oaths and affirmations. ♦

THE LANGUAGE IS THE KEY TO A PROPER NOTARIZATION

Always read the notarial language on documents. The pre-printed language will tell the notary public what type of notarization is to be performed.

Be aware that the document may have been prepared in a different state or jurisdiction, and the pre-printed language may not be proper in Arizona.

If any part of the notarial certificate is incorrect, the notary public should either cross out and initial the incorrect words with ink or cross out the entire wording and type or write in the correct wording.

Do not attempt to erase or use correction fluid or tape.

All changes must be initialed. ♦
1. Acknowledgments A.R.S. § 41-311(1)

DEFINITION: An acknowledgment is a notarial act in which a notary certifies that a signer, whose identity is proven by satisfactory evidence, appeared before the notary and acknowledged that the signer signed the document.

- The signer acknowledges his or her signature; the notary verifies the signer’s acknowledgment;
- The signer is not required to sign the document in the notary’s presence for an acknowledgment;
- The signer may pre-sign the document or may choose to sign it in the notary’s presence.
- Because the notary is attesting to the genuineness of the signature, the notary may not perform an acknowledgment that will be signed at a later time.
- Even if a document has been pre-signed, the document signer must be in the notary’s presence at the time the notary performs the notarization.

Acknowledgment Checklist

☐ The signer must be in the notary’s presence and present the document to the notary. If not, the notary must refuse the notarization.

☐ The notary verifies the type of notarization with the signer. If the act requested is not an acknowledgment, do not continue with this checklist. Instead, choose the notarial act check list for the type of notarization the signer is requesting.

☐ The signer must present satisfactory evidence of identity. If not, the notary must refuse the notarization.

☐ If a credible person is used, he or she must be placed under oath and swear or affirm that the signer has the identity claimed (See oath sample #2 on page 30).

☐ The document presented can either be pre-signed or signed in the notary’s presence. If pre-signed, the signer must acknowledge that he or she signed the document.

☐ Identify that the notarial certificate on the document is for an acknowledgement. The wording is “Acknowledged before me...”

☐ If the signer is requesting that an acknowledgment be performed, but the document does not contain a notarial certificate with language for an acknowledgement, a notary may use the sample acknowledgment wording on page 27 or the attach acknowledgement certificate sample in Chapter 6.

☐ The notary makes a complete journal entry, describing the document in detail. The notary fills out his or her journal with the signer’s satisfactory evidence presented.

☐ The signer signs the notary’s journal.

☐ If a credible person is used, the credible person signs the notary’s journal.

☐ If the document was pre-signed, the notary should compare the journal signature against the signature on the document.

☐ If the document has not yet been signed, upon verifying the signer’s identity, the notary should have the signer sign the document.

☐ If the signatures look similar, the notary completes the acknowledgment by reading the notarial certificate language.

A WORD ABOUT ACKNOWLEDGMENTS AND JURATS >>

Acknowledgments may be signed in advance, but, as with all notarizations, the signer must appear before the notary and present satisfactory evidence of identity.

With a jurat, the signer must be placed under oath by the notary, and then they must sign the document in the notary’s presence.
Acknowledgment Checklist continued from page 26

☐ If any notarial language is incorrect, the notary shall cross it out, and write the corrected information above it and initial the changes.

☐ The notary fills in ALL blanks on the notarial certificate.

☐ The notary signs the notarial certificate, attesting that the signature of the signer is genuine and also that the notarial language is correct.

☐ The notary affixes his or her notary seal. The seal generally is affixed to the left of the signature. If the seal is illegible, the notary should strike through and initial it and affix his or her seal again.

☐ If an attach certificate is necessary see right column for necessary elements and Chapter 6 for a sample.

2. Jurats A.R.S. 41 § 311(5)

DEFINITION: A jurat is a notarial act in which the notary certifies that a signer, whose identity is proven by satisfactory evidence, has:

- Made in the notary’s presence a voluntary signature; and has
- Taken an oath or affirmation vouching for the truthfulness of the signed document. Some states refer to this type of notarization as an affidavit.

A notary shall perform a jurat any time the words:
- sworn to (or affirmed) before me
- subscribed and sworn to (or affirmed), or similar words appear in the notarial certificate.
- Because a signer is swearing or affirming that the information is true, blank spaces in the document are prohibited. [A.R.S. § 41-328(A)].

Jurat Check List

☐ The notary verifies the type of notarization with the signer. If it is not a jurat, do not continue with this check list. Instead, use the notarial act check list for the type of notarization the signer is requesting.

☐ The signer must present satisfactory evidence of identity. If not, the notary must refuse the notarization.

WHEN TO ATTACH A CERTIFICATE

A notary may use an additional sheet of paper to attach the notarial certificate to a document if there is no room left on the document.

If the notary attaches a certificate, the notary should title the page with the words “Notarial Acknowledgement”, “Notarial Jurat”, or Copy Certification.

In order to prevent someone from affixing the attach certificate it to a different document, the notary must also describe the attached document on the page containing the notarial certificate in as great of detail as possible.

The description must include at a minimum:
- Type/Title of document
- Document date
- Number of pages attached
- Any additional signers other than those listed in the notarial certificate.

The office also recommends that document pages be numbered, such as “1 of 1” or “1 of 2,” etc.

BE ON TARGET

Caution: While a notary might be inclined to affix his or her seal to all pages in a packet, the seal should only be affixed on the page with the notarial certificate.

If the notary wants, he or she may use an embossing seal on the additional pages or simply initial the attached pages in order to indicate that those pages were part of the packet presented to them, but they should not affix their notary seal to the pages without a notarial certificate.

Checklist — Continued on next page
APOSTILLES AND CERTIFICATES OF AUTHENTICATION >>

The Arizona Secretary of State’s office is tasked with issuing apostilles and certificates of authentication. Arizona notaries do not have the authority to perform these certifications.

A list of these countries is available online at www.hcch.net. Choose “specialized sections,” and then “Apostille section.”

If a country is not a party to the Convention, documents being sent there receive a certificate of authentication issued by the Secretary of State’s office. Certificates of authentication, unlike apostilles, vary in format from country to country and from jurisdiction to jurisdiction.

A person who requests an Apostille or a Certificate of Authentication needs to contact the Secretary of State’s office.

The Secretary of State’s office is the only office in Arizona authorized to issue a certificate of authentication or apostille for a document going to a foreign country.

A copy certification is not the same as an apostille or certificate of authentication.

A notary may not issue apostilles or certificates of authentication.

Jurat Checklist continued from page 27

- If a credible person is used, he or she must be placed under oath and swear or affirm that the signer has the identity claimed (see oath sample #2, page 28).
- The notary makes a complete journal entry, describing the document in detail. The notary fills out his or her journal with the signer’s satisfactory evidence presented.
- The signer signs the notary journal.
- If a credible person is used, the credible person also signs the notary journal.
- If there are any blanks in the document, the notary must either have the signer fill in the information or use “n/a” (not applicable) as appropriate. A jurat may not be performed if there are blanks in the document.
- The signer must be placed under oath swearing or affirming that the contents of the document are true and correct. (See oath sample #1, page 30)
- The notary witnesses the signer sign the document to be notarized.
- If any notarial certificate language information is incorrect, the notary should cross out the language, write the corrected information above it and initial the changes.
- The notary then fills in ALL blanks on the notarial certificate.
- The notary signs the notarial certificate. This signature means the notary public is not only attesting that the signature of the signer is genuine but also that the notarial language is correct.
- The notary affixes his or her notary seal. The seal generally is affixed to the left of the signature.
- If an attach certificate is necessary please see page 27 for requisite elements (sidebar) and page Chapter 6 for a sample.

3. Copy Certifications A.R.S. § 41-311(3)

DEFINITION: A copy certification is a notarial act in which the notary certifies that a photocopy of an original document was made that is neither a public record nor publicly recordable. The notary must have access to a copy machine and cannot use a photocopy provided by the requestor. See page 29 sidebar for information on how to obtain a certified copy of a publicly recordable document. Examples of publicly recordable documents not able to be copy certified by an Arizona notary public are:

- Marriage Records
- Birth Certificates
- Death Certificates
- Divorce Records
- Court Records
- Real Estate Deeds

NOTE: Some recorded documents have the words “filed” or “received” stamped on them.
Copy Certification Checklist

- If the notary does not have access to a copy machine the notary must not perform the copy certification.
- If the notary has access to a copy machine, they must verify the document presented is an original document. A copy certification cannot be performed on copies of a document or a certified copy. If the document presented is not an original, the notary must refuse the copy certification.
- The notary confirms that the original document presented is not a public record nor is it publicly recordable. If the document presented is a public record or is publicly recordable, the notary must refuse the certification as a copy certification (see publicly recordable documents to the right).
- The notary fills out the journal with the requestor’s satisfactory evidence presented.
- If a credible person is used, he or she must be placed under oath and swear or affirm that the signer has the identity claimed. (See oath sample #2 page 30)
- The requestor signs the notary’s journal.
- If a credible person is used, the credible person also signs the notary journal.
- The notary makes the copy.
- The notary writes or types, on the face of each copy, the notarial language from the sample below.
- The notary completes the notarial certificates.
- The notary affixes his or her notary seal. The seal generally is affixed to the left of the signature [A.R.S. § 41-311(3)].
- If an attach certificate is necessary please see the sidebar on page 27 for required elements and Chapter 6 for an example.

REMEMBER TO ALSO refer to the Steps to a Proper Notarization in this manual once the Notarial Act has been identified. The acts listed in this Chapter are part of #7 on this list.
4. Oaths or Affirmations A.R.S. § 41-311(9)

During notarizations a notary may be required to give a signer or credible person an oath or affirmation.

The signer or credible person makes the decision as to whether he or she would like to take an oath or an affirmation.

- An oath means the signer or credible person is swearing to a supreme being (for example: God).
- An affirmation is taken when the signer or credible person does not believe in a supreme being or does not want to swear to a supreme being.

A violation of either an oath or an affirmation constitutes perjury.

Oath Checklist

A notary should ask the signer or credible person to:

- Raise his or her right hand. If for any reason a right hand cannot be raised, then the signer shall raise their left hand. If for any reason a left hand also cannot be raised, then the oath or affirmation should be given as follows:

  “Do you swear or affirm that the contents of this document are true and correct?”

OATH SAMPLE #2 - CREDIBLE PERSON

Choose one:

  “I, [insert credible person’s name], [swear or affirm] that the person appearing before you and who signed this document in your presence is the person that he or she claims to be.”
- Please answer the oath question with “I do swear’ or ‘I do affirm’
  “Do you swear or affirm that that the person appearing before me and who signed this document in my presence is the person he or she claims to be?”

A notary public should become familiar with oaths and affirmations and how to administer them.

An oath or an affirmation is a notarial act or part of a notarial act in which a person makes a vow in the presence of a notary public under penalty of perjury. [A.R.S. § 41-311(9)].

The office recommends that an Arizona notary public not prepare a document to be notarized.

Unless the notary is an attorney or a certified legal document preparer, the notary should not prepare documents.

Even if the notary is an attorney or a certified legal document preparer, notarizing a document that the notary prepared casts doubt on the impartiality of the notarization.

**ARIZONA LAWS (STATUTES)**

Arizona Revised Statutes is a compilation of general and permanent laws of the State of Arizona. It incorporates all new laws, amendments and repeals of laws. These laws are made by the Arizona State Legislature.

The acronym for Arizona Revised Statutes is “A.R.S.” and sections of the statute are denoted by a section “§” symbol. Within the law are subsections denoted by letters and numbers.

The official publisher of the statutes is Thomson Reuters. These are laws published in blue-bound books found at local libraries throughout the state. The law can also be found online at the State Legislature’s website, under Legislative Council, www.azleg.gov.

**ARIZONA RULES**

Administrative Rules are not enacted by the Legislature like laws. They are made, amended or repealed by state agencies, boards and commissions (Arizona Revised Statutes, Title 41, Chapter 6). Arizona law gives these entities the authority to make rules. Administrative rules have the force and effect of law.

The Arizona Administrative Code is where the official rules of the state of Arizona are published. The acronym for the Arizona Administrative Code is “A.A.C.” Much like laws, rules have subsections denoted by letters and numbers.

Arizona Notary rules can be found in Title 2. Administration, Chapter 12. Office of the Secretary of State, or properly referred to as 2 A.A.C. 12. Rules can be found online under Rules Filings, www.azsos.gov.

C. The failure of a notary public to perform a duty or meet a requirement prescribed in this article does not invalidate a remote online notarial act performed by the notary public. A valid remote online notarial act does not prevent an aggrieved person from seeking to invalidate the electronic record or transaction that is the subject of the remote online notarial act or from seeking other remedies based on state or federal law. This subsection does not validate a purported remote online notarial act that is performed by an individual who is not authorized to perform remote online notarial acts.

§ 41-379. APPLICABLE LAW; CONFLICT OF LAWS

(Eff. 7/1/20)

A. The validity of a remote online notarization shall be determined by applying the laws of this state, regardless of the physical location of the remotely located individual at the time of the remote online notarization.

C. If a conflict between this article and any other law of this state exists, this article controls.
