Instructions for Statewide Initiatives Application for Serial Number and Best Practices for Printing and Circulating Petitions

Statement of Organization

At the time of submitting an Application for Serial Number, the individual or organization wishing to place an initiative on the ballot must either file a Statement of Organization using the Secretary of State's Campaign Finance Filing System or designate an existing (non-candidate) committee to act as the initiative's sponsor. The Secretary of State will not accept an Application without an accompanying statement or designation.

Application for Serial Number

All individuals or organizations wishing to place an initiative on the ballot must submit an Application for Serial Number stating their intent to circulate a statewide initiative petition.

To complete the PDF application, please enter all required fields including:

- The appropriate check box indicating whether the applicant intends to circulate a statutory measure or constitutional amendment
- A no more than 100-word description of the principal provisions of the initiative, which will be printed on the face of each petition sheet.
- All information required to identify the initiative applicant and sponsoring committee.

Application Procedure

Upon receipt of Application, the Secretary of State will complete the remainder of the form and issue a unique serial number to be printed on the front and back of each petition sheet. The Secretary of State will also provide instructions regarding proper completion of the Statewide Initiative Petition form.

Please note:

- An Application for Serial Number will not be accepted unless the applicant has checked both disclaimer boxes and provided a signature as an acknowledgment of the recommended printing and circulating procedures.
- At the time of submission, an Application for Serial Number must include the accompanying title and text of the initiative.
- The minimum number of signatures required for a constitutional amendment to be placed on the ballot is equal to 15% of the number of votes cast at the last gubernatorial election, and the number of signatures for a statutory measure is equal to 10%.
- The deadline to file initiative petition signatures is at least 4 months prior to the next general election.
- Any revision to the title and text or 100-word description requires a new Application for Serial Number to be filed, and all previous versions will be considered invalid.

Recommended Best Practices for Printing and Circulating Petitions

The Statewide Initiative Petition form has been updated and redesigned to be compatible with 21st century signature verification technology and procedures. The Secretary of State's Office recommends the following best practices for printing and circulating petitions to ensure optimal verification and processing. Failure to adhere to these practices may result in reduced document integrity, which may inhibit the Secretary of State's ability to efficiently and accurately process the petitions.

1. Print Resolution of 600dpi or Higher:

Petitions must be printed at a resolution of 600dpi or higher. The boxed fields on the petition serve to identify where petitioners and circulators should enter applicable information. It is critical that petitions be printed at 600dpi or higher to keep these boxes intact.

2. Print from Digital File Only – Do Not Photocopy

It is recommended that petitions be duplicated only by means of digital printing and should not be photocopied. Photocopied petitions may result in a degraded image, including the loss of information capture boxes, pixelated text or irregularities that may obstruct scanning capability. To avoid document degradation, please print petitions from a digital file only.

3. Instructions to Signers

Circulators should instruct petition signers to write in the center of (and within) the information capture boxes to ensure that signature and identifying information is easily discernable by the petition processing software. Signers should avoid letting information bleed over to adjacent rows, and should sign with blue or black ink.

4. Circulator ID Number

Paid and out-of-state circulators should ensure they print their Circulator ID Number on the front and back side of each petition sheet. Failure to use the Circulator ID Number will not (by itself) invalidate the petition sheet, but greatly inhibits the Secretary of State's ability to efficiently and accurately process the petition.
